PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented Full Stack Java Developer with a strong foundation in Java, Spring Boot, Hibernate, and front-end technologies such as HTML, CSS, JavaScript. Proficient in building scalable web applications, RESTful APIs, and database management using MySQL. Adept at working with version control systems like Git. Passionate about continuous learning and applying problem-solving skills to develop efficient, user-friendly applications. Seeking an opportunity to contribute technical expertise and grow in a dynamic software development team.

personal project

Online Shopping System:

Developed a full-stack Online Shopping System using Java (Servlets/JSP), HTML, CSS, JavaScript, and MySQL, allowing users to browse products, manage shopping carts, and place orders securely. Implemented user registration, login authentication, product search/filter functionality, cart management, and order processing with dynamic front-end interaction. Designed and optimized relational database schemas in MySQL for users, products, and transactions, and built a secure admin panel for inventory and order management. Ensured responsive UI/UX with HTML, CSS, and JavaScript, and handled backend logic and database connectivity using Java and JDBC following MVC architecture.

Car Rental System:

Developed a Car Rental System using Java applying OOP concepts like Encapsulation, Inheritance, Polymorphism, and Abstraction. Created classes for Cars, Customers, Rentals, and Payments, using inheritance for different car types (Sedan, SUV), polymorphism for rental cost calculation, and abstraction for payment methods. Integrated MySQL for managing cars and bookings, and built a simple frontend with HTML, CSS, and JavaScript.

technical skills

Programming Languages: JAVA, Sql

scripting Language: HTML, CSS, Javascript

Database: MySql

Language: English, Hindi, Marathi

Interests: Coding, Traveling, Learn new Technologies

git and github

core competencies

- communication skill
- Fast learner
- Leadership
- problem solving

CERTIFICATIONS

Java full stack development at vibrantminds technologies

- core java
- Advance java
- HTML
- CSS
- Javascript
- MySql
- JDBC
